

# Our World Today

HOW MANY PROBLEMS CAN YOU SPOT  
AND HOW CAN WE FIX THEM?

**FAST FACT**  
We only have  
1 earth,  
it's up to us  
to look after it

Air Pollution

Extreme weather

Ineffective pest control

Food and water security

Deforestation

Unemployment

Soil erosion - bad farming practices

Overcrowding

Poor infrastructure

Poor sanitation

Water pollution

Endangered species

# Our Green Future

**CAN YOU THINK OF MORE BIG IDEAS?**

**FAST FACT**  
There are as many as 13 million different species of plants, animals and microorganisms on earth

**MY PLEDGE FOR A GREENER FUTURE**

- I believe the planet is important and we must look after it.
- I will treat all living things with respect and consideration.
- Every day actions count - I am making a difference!
- Learning about the problems will help me to make changes.
- I will share my knowledge with others and dream big.
